CONDITIONS FOR ITS  
INFLUENCERS**

If you want to become a partner of Maison Capital and promote the company, carefully study the conditions on the following slides.

MAISON

# We provide \$MSN tokens for personal use

We take care that our partners feel comfortable to promote Maison Capital, so we give each partner a certain number of \$MSN tokens (depending on the level of partner's capabilities) to get a rank on the platform, to use all the tools, and also to get the profits from staking, farming and growth of \$MSN.

MAISON

# We provide a profitable referral program

We have allocated 500,000 \$MSN from the marketing fund for the payment of referral bonuses.

**500,000 \$MSN**

Additional leadership bonuses in \$MSN for achieving and maintaining the turnover in the referral structure.

Partners receive rewards in \$MSN tokens from investments in 5 referral network lines.

Points taken into account:

- Investing in farming and staking pools
- Investing in IDO in the Maison Capital Launchpad
- Investing in the vaults of Maison Capital

Line 1 Bonus 5%

Line 2 Bonus 2%

Line 3 Bonus 1.5%

Line 4 Bonus 1%

Line 5 Bonus 0.5%

## Important notes

- The growth in the number of participants in the referral program will have a positive impact on the liquidity and value of the token \$MSN, so partners can receive additional profits.

- As the token grows, the number of \$MSN rewards will decrease while remaining unchanged in monetary terms.

- Based on the points above 500,000 \$MSN will be enough to pay bonuses for a long period of time, after that partners will continue to receive referral bonuses from investments in IDO and vaults.

- Partners who will join in the early stages of Maison Capital's development will be able to get the most tokens.
